WE'RE ON THE INTERNET!!! This seminar flyer and other valuable information are in the Aviation Safety Group of Massachusetts home page at <http://www.airsafety.org> and the New England Region Flight Standards Web Site http://www.faa.gov/region/ane/flight_standards/bosfsdo.htm. Also the New England Region Flight Standards Safety Program Web Site http://www.faa.gov/region/ane/flight_standards/safety.htm

Taunton, MA American Aero Services Hangar
September 7, 2000 Thursday 7:00 p.m.

Runway Incursions: As air traffic and ground operations at airports continue to increase, the ever present danger of becoming involved in a runway incursion increases. Nationwide runway incursions are on the rise. Attend this educational and informative seminar and learn what is meant by "runway incursion." Where and how do they happen? Are they pilot deviations, ground vehicle deviations, operational errors or "all of the above?" Come and learn how NOT to be involved in a runway incursion. **FAA Safety Program Manager Bill Stevens from the Boston Flight Standards District Office** will be the guest speaker. For further information contact **Mr. Mike Dupont at (508) 824-5681.**

Sponsored by American Aero Services and the Taunton Airport Commission

Directions: Take exit 13A off Route 24. Take right on to Orchard Street, then left onto Middleboro Ave. Take a right at the Taunton Airport Sign (Westcoat Drive) Proceed to American Aero Services Hangar.

Plymouth, MA Plymouth Airport Town Hangar
September 12, 2000 Tuesday 7:00 p.m.

Runway Incursions: As air traffic and ground operations at airports continue to increase, the ever present danger of becoming involved in a runway incursion increases. Nationwide runway incursions are on the rise. Attend this educational and informative seminar and learn what is meant by "runway incursion." Where and how do they happen? Are they pilot deviations, ground vehicle deviations, operational errors or "all of the above?" Come and learn how not to become involved in a runway incursion. **FAA Safety Program Manager Bill Stevens from the Boston Flight Standards District Office** will be the guest speaker. For further information contact **Mr. Chris Hyldburg at Alpha One Flight School (508) 747-1494.**

Sponsored by Alpha One Flight School
Plymouth Aero Club and the Plymouth Airport Commission

Directions: Take Route 3 to Route 44 West, or Route 58, to South Meadow Road. Follow signs to Plymouth Airport Main Gate and proceed to the Town Hangar/Conference Room.

Bedford, MA East Coast Aero Tech. School
September 13, 2000 Wednesday 6:00 p.m. Refreshments 7:00 p.m. Seminar

FAR Part 43-Maint., Preventive Maint., Rebuilding & Repair: The guest speaker for this educational seminar is **FAA Safety Program Manager for Airworthiness at the Boston FSDO, Inspector Dick Rhuda.** This seminar is geared to mechanics and will provide a review and update of the latest information. This seminar will be of great value to those persons working in the aircraft environment. **PAMA** is open to all A&P Mechanics and persons working in the aircraft maintenance community. This seminar meets the requirements toward IA Renewals and AMT Awards. For further information contact **Mr. Joe Frisolone at (781) 274-0105.**

Sponsored by PAMA (Professional Aircraft Maintenance Association)

Directions: Route 95/128 to Route 2A West. Follow signs to Hanscom Civil Air Terminal. ECAT is on the right as you come down the hill.

Lawrence, MA Eagle East Aviation Hangar
September 14, 2000 Thursday 7:00 p.m.

Aircraft Systems Awareness: Fun, interactive, and informative. You'll gain a working knowledge of what makes an aircraft tick. Topics such as Power Plant, Hydraulic Systems, Fuel Systems, Electrical Systems, propellers, flight controls and more. There will be IA's, and A&P's on hand to answer questions that you may have. Don't miss this educational and informative seminar. For further information contact **Ms. Claire Bentley at (978) 454-7343.**

Sponsored by Eagle East Aviation

Directions: Take 495 North to exit 43, Massachusetts Ave. Right off ramp to traffic light. Take a hard left onto Waverly Avenue to end. Left onto Main Street to traffic light. Right on Sutton St. Proceed 1 mile to main airport entrance.

Falmouth MA Falmouth Air Park
September 16, 2000 Saturday 2:00 p.m. to 4:00 p.m.

Owner/Operator Maintenance Responsibilities: The guest speaker for this informative, educational and sought-after seminar will be **Inspector Dick Rhuda, Safety Program Manager for Airworthiness at the Boston FSDO**. Dick will speak on the various aspects of conducting owner/operator maintenance and what the responsibilities are that go along with that. Attend this seminar, bring your questions and get answers that will help you understand the meaning of "owner/operator maintenance responsibilities." For further Information contact **Mr. Tom Dyer at (508) 548-9617**.

Sponsored by Falmouth Airpark

Directions: Bourne Bridge to Route 28 South. Take Route 151 Exit, bear right at Mashpee Rotary and take Route 28 North towards Falmouth. Pass thru Waquoit Village. Go 1.3 miles further and turn right on Fresh Pond Road. Entrance to Airpark is on left. Airpark Road.

Chatham, MA VFW Hall George Ryder Road
September 19, 2000 Tuesday 7:00 p.m.

Runway Incursions: As air traffic and ground operations continues to increase, the likelihood of becoming involved in a "runway incursion" increases. Attend this educational and informative seminar and learn how NOT to become involved in a runway incursion. **Bill Stevens, Safety Program Manager for Operations at the Boston FSDO** will be the guest speaker. A video and power point presentation will also be included. For further information contact **Mr. Bob Puckett at (508) 255-0956**.

Sponsored by Chatham Pilots Association (CAPA)

Directions: For those folks flying in, the VFW Hall is located across the street from the Chatham Airport and is within walking distance.

Bedford, MA East Coast Aero Tech. Mayo Building
September 21, 2000 Thursday 7:00 p.m.

CFI Workshop-Approach and Landings: **Mr. Paul Falzarano, ASC** will be the presenter and guest speaker for this much-needed seminar. Mr. Falzarano will provide insight and "tips" for acquiring a stabilized approach that is most important for controlling airspeed and a constant rate of descent that will allow a smooth transition from approach angle and flare to touch down and roll out. This seminar will give you the "tools" to make picture perfect approaches and landings that you will be proud of. For further information contact **Mr. Paul Falzarano at (508) 278-3819**.

Sponsored by Paul Falzarano and Sam Morgan

Directions: Take Route 95/128 to Route 2A W. (Exit 30B) follow signs to HAFB and Civil Air Term. Bldg. Just before you reach the Term. Bldg. Parking lot, with ECAT sign on your right, turn left at the Jet Aviation sign. You will see the Mayo Bldg. (Blue bldg#18) just beyond a field on your left.

Bedford, MA East Coast Aero Tech. Mayo Building
September 26, 2000 Tuesday 7:00 p.m.

17 Ways to Fall from the Sky (and how to avoid them): This seminar and video presentation will focus on the primary cause of accidents according to the NTSB statistics. The video will create flight situations and illustrate how human factors influence the decision-making process, contribute to pilot error, and cause an accident. For further information contact **Mr. Paul Falzarano at (508) 278-3819.**

Sponsored by Paul Falzarano and Sam Morgan

Directions: Take Route 95/128 to Route 2A W. (Exit 30 B) follow signs to HAFB and Civil Air Term. Bldg. Just before you reach the Term. Bldg. Parking lot, with ECAT sign on your right, turn left at the Jet Aviation sign. You will see the Mayo Building. (Blue) bldg #18 just beyond a field on your left.
